Subject: [External] Courtesy Notification for Interruption of Service - North Myrtle Beach, SC

Jocelyn,

In accordance with SC Code Reg 103-414, this is a courtesy notification for a gas pipeline incident in North Myrtle Beach, which will involve the interruption of service to greater than 50 customers.

We have discovered break on a 8" natural gas distribution main, and we are making preparations to isolate the leak and stop the flow of gas. However, this will necessitate the interruption of service for approximately 355 customers. The incident has not captured any media attention that we're aware of at this time. We will follow up with supplemental information as it becomes available, and we will submit a written notification at that time. If you have any additional questions, please do not hesitate to reach me.

Thank you,

--
